If this is your principal objective, it's best to aim to maintain your price on the low side. Some authors have even priced their ebooks at a profit loss to draw a high number of new customers. The key is to discover a value that maximizes your earnings and the number of books you sell.

If you want to see massive earnings over buyer draw, aim for an audience that's searching for easy solutions to their issues at a low price. In case your book is aimed toward fixing one explicit problem slightly than common advice, then you can cost more. Begin on the highest value the market will bear to herald the largest profits, and plan to low cost the e-book a variety of occasions throughout the year.

Advertising Methods

The important thing that unlocks the gross sales potential of your book is to discover a single sentence that turns into your selling handle. This sentence states what question or drawback your e book answers and the advantages your book can provide. Then you should definitely use that sentence

in each piece of sales and promotional material, and each time anybody asks you about your ebook.

In addition to promoting your books assiduously online, there are several other strategies that may make it easier to promote extra books.

One is to present one thing away at no cost together with your book, comparable to a invaluable bonus item. Or bundle a number of ebooks under one worth, which lowers the value for each e book in the event that they had been offered separately.

An effective technique for determining a worth is to send out a survey to your current customers. If these prospects have already purchased an e-book from you, ask for their opinion in terms of price. Do that by creating a gross sales page for the brand new e-book, however do not include a price on that page. As an alternative, add numerous hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other strategy is to check out costs by making a number of duplicate sales pages with totally different prices on every page. Be certain your sales copy is strictly the similar on every web page, and consists of your selling-deal with sentence. Then work out for each page the conversion ratio between guests to your website and gross sales of your book. This can let you know what your optimum value is.

Ultimately, if you've written a e-book that solves a problem or presents a new method, your e-book will herald both visitors and profits.
