An effective technique for determining a worth is to ship out a survey to your present customers. If these prospects have already purchased an book from you, ask for their opinion by way of price. Do this by creating a sales web page for the new guide, but don't embrace a worth on that page. Instead, add quite a few links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another strategy is to check out prices by creating a number of duplicate gross sales pages with completely different prices on every page. Be sure your gross sales copy is strictly the same on each web page, and consists of your promoting-deal with sentence. Then determine for every page the conversion ratio between visitors to your website and gross sales of your book. This can let you know what your optimum worth is.

In the end, in case you've written a e-book that solves a drawback or presents a brand new approach, your guide will bring in both site visitors and profits. So make sure you write that promoting-deal with sentence that sums up what drawback your book solves and what the advantages of your 1049 book shall be to the purchasers who buy it.
