gross sales and promotional material, and each time anyone asks you about your ebook.

Besides promoting your books assiduously online, there are a number of other strategies that may show you how to sell more books.

An efficient technique for determining a worth is to ship out a survey to your current customers. If these clients have already bought an e book from you, ask for their opinion by way of price. Do this by making a gross sales page for the new guide, but don't embrace a price on that page. As a substitute, add quite a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another technique is to test out prices by creating a number of duplicate gross sales pages with completely different prices on each page. Make sure that your gross sales copy is exactly the identical on every web page, and contains your selling-deal with sentence. Then work out for each page the conversion ratio between visitors to your site and gross sales of your book. This can inform you what your optimum worth is.

Finally, if you've written a guide that solves a problem or presents a new approach, your e-book will usher in both site visitors and profits. So be sure to write that selling-handle sentence that sums up what problem your e book solves and what the benefits of your 1056 guide will likely be to the purchasers who purchase it.
