An efficient approach for determining a price is to send out a survey to your current customers. If these customers have already purchased an ebook from you, ask for their opinion when it comes to price. Do that by making a sales web page for the new book, but don't include a worth on that page. As an alternative, add various hyperlinks to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another strategy is to test out costs by creating a variety of duplicate gross sales pages with totally different prices on each page. Be certain your sales copy is strictly the similar on each web page, and includes your selling-deal with sentence. Then work out for every page the conversion ratio between visitors to your web site and gross sales of your book. This will inform you what your optimum price is.

Finally, if you happen to've written a ebook that solves a drawback or presents a new approach, your e-book will bring in each visitors and profits.
