Then make sure to use that sentence in every piece of sales and promotional material, and every time anyone asks you about your ebook.

In addition to promoting your books assiduously online, there are several different strategies that can allow you to sell extra books.

One is to give something away at no cost with your e-book, equivalent to a invaluable bonus item. Or bundle a number of ebooks below one worth, which lowers the value for every e book if they had been bought separately.

An effective technique for figuring out a value is to send out a survey to your current customers. If these clients have already bought an book from you, ask for his or her opinion in terms of price. Do this by creating a gross sales web page for the brand new e book, however do not embrace a worth on that page. As an alternative, add a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other strategy is to test out costs by making a number of duplicate gross sales pages with totally different costs on every page. Ensure that your sales copy is exactly the identical on every web page, and contains your selling-deal with sentence. Then determine for each web page the conversion ratio between guests to your site and sales of your book. It will inform you what your optimum value is.

Finally, in the event you've written a ebook that solves a downside or presents a new method, your e-

book will usher in both visitors and profits. So make sure to write that promoting-handle sentence that sums up what problem your guide solves and what the benefits of your 1107 ebook might be to the purchasers who buy it. And then watch your market come to you!
