answers and the benefits your e-book can provide. Then you'll want to use that sentence in every piece of sales and promotional materials, and each time anyone asks you about your ebook.

Apart from promoting your books assiduously on-line, there are several different methods that can help you promote more books.

One is to present something away totally free along with your guide, reminiscent of a priceless bonus item. Or bundle several ebooks under one price, which lowers the worth for every e book in the event that they were sold separately.

An effective method for figuring out a price is to ship out a survey to your current customers. If these customers have already bought a book from you, ask for his or her opinion by way of price. Do this by creating a sales web page for the brand new book, however don't embody a value on that page. As an alternative, add a number of links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to check out costs by making a variety of duplicate gross sales pages with totally different prices on each page. Ensure your gross sales copy is strictly the similar on every web page, and contains your promoting-handle sentence. Then work out for each page the conversion ratio between visitors to your web site and sales of your book. This will let you know what your optimum value is.

In the end, if you happen to've written a ebook that solves a problem or presents a brand new technique, your book will herald each traffic and profits.
