What do you suppose an concept is value when evaluated against the price of paper and ink?

It is the IDEAS that are worthwhile! That's the way you decide the cost of your ebook.

After you figure out your aim, you have to work out what your viewers's need is on your ebook. For example, does your e-book remedy a particular downside? If it does, and solves it in a way that hasn't been written about in 100 different ebooks, you may be in a position to obtain high gross

sales at a high price. If your book solves a problem or answers questions in a brand new and unique way, you need to price your guide as high as you possibly can go. If you want to see large earnings over customer draw, purpose for an viewers that is looking for straightforward options to their issues at a low price. In case your ebook is aimed toward solving one explicit downside relatively than normal recommendation, then you may charge more. Begin on the highest value the market will bear to herald the largest earnings, and plan to discount the ebook a variety of occasions throughout the year.
