One other strategy is to test out prices by making a number of duplicate sales pages with totally different costs on each page. Ensure your gross sales copy is strictly the same on every web page,

and consists of your selling-handle sentence. Then determine for every web page the conversion ratio between visitors to your site and sales of your book. This can let you know what your optimum worth is.

In the end, if you happen to've written a e-book that solves a drawback or presents a brand new method, your e-book will herald both site visitors and profits.
