An effective approach for determining a price is to send out a survey to your present customers. If these prospects have already bought an e book from you, ask for his or her opinion by way of price. Do this by making a gross sales page for the brand new e-book, however do not embody a worth on that page. Another technique is to check out costs by creating a number of duplicate gross sales pages with totally different costs on every page. Make sure your gross sales copy is precisely the similar on each web page, and contains your promoting-deal with sentence. Then work out for every web page the conversion ratio between guests to your web site and sales of your book. It will tell you what your optimum worth is.

In the end, in case you've written a e-book that solves a problem or presents a brand new technique, your guide will usher in both traffic and profits.
