Another strategy is to check out prices by making a variety of duplicate gross sales pages with totally different prices on each page. Make certain your gross sales copy is strictly the same on

every web page, and contains your selling-handle sentence. Then figure out for every web page the conversion ratio between visitors to your web site and sales of your book. This may tell you what your optimum value is.

Ultimately, if you've written a guide that solves a problem or presents a brand new approach, your ebook will bring in both traffic and profits.
