Another technique is to test out prices by making a number of duplicate sales pages with totally different costs on each page. Be certain that your gross sales copy is precisely the same on each

web page, and includes your promoting-handle sentence. Then work out for every page the conversion ratio between visitors to your web site and sales of your book. This may tell you what your optimum price is.

Ultimately, when you've written a guide that solves a problem or presents a brand new method, your guide will bring in both traffic and profits.
