Decide if your objective is to get broad distribution and most exposure. This purpose is geared toward drawing clients to your corporation or service, or to establishing the credibility of your reputation. If this is your foremost objective, it is best to intention to maintain your price on the low side. Some authors have even priced their ebooks at a profit loss to draw a high number of new customers. The key is to discover a worth that maximizes your profits and the variety of books you sell.

This is a wonderful pricing strategy in case you are trying to acquire long-term customers. Lengthy-

term clients are extraordinarily doubtless to purchase from you again and once more ? so long as the primary e-book they buy is of exceptional quality and helpful to the customer.

Nevertheless, in case your guide incorporates invaluable ? and extra importantly NEW data, references, or techniques ? then you need to aim to cost it on the excessive end.

After you figure out your goal, you have to work out what your viewers's need is in your ebook. For example, does your ebook clear up a specific problem? If it does, and solves it in a way that hasn't been written about in 100 other ebooks, you can be able to achieve excessive sales at a excessive price. In case your guide solves a problem or solutions questions in a new and distinctive method, you should worth your book as excessive as you possibly can go. You will obtain larger earnings this fashion, but bring in fewer customers. If you want to see giant profits over buyer draw, goal for an audience that's on the lookout for easy solutions to their issues at a low price. If your e book is geared toward fixing one specific

drawback relatively than general advice, then you can cost more. Start at the highest price the market will bear to usher in the largest profits, and plan to discount the e book a variety of instances throughout the year.

An effective approach for determining a worth is to ship out a survey to your present customers. If these customers have already purchased an ebook from you, ask for their opinion when it comes to

price. Do this by making a sales web page for the new guide, however don't embrace a worth on that page. As a substitute, add a lot of links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another technique is to check out prices by creating a number of duplicate gross sales pages with completely different prices on each page. Be certain that your sales copy is strictly the similar on each web page, and includes your selling-deal with sentence. Then determine for each web page the conversion ratio between visitors to your website and gross sales of your book. This may tell you what your optimum value is.

Finally, in the event you've written a e-book that solves a problem or presents a new method, your book will bring in each traffic and profits.
