Besides selling your books assiduously online, there are a number of different methods that may enable you promote extra books.

One is to present one thing away free of charge with your book, akin to a helpful bonus item. Or bundle a number of ebooks under one price, which lowers the worth for every ebook in the event that they have been offered separately.

An efficient approach for determining a worth is to ship out a survey to your present customers. If these customers have already bought an e book from you, ask for their opinion in terms of price. Do this by creating a sales web page for the new ebook, but do not include a value on that page. Instead, add plenty of hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other strategy is to check out costs by creating a variety of duplicate gross sales pages with completely different prices on each page. Ensure that your sales copy is exactly the similar on each

web page, and contains your promoting-deal with sentence. Then figure out for each page the conversion ratio between visitors to your website and sales of your book. This may tell you what your optimum price is.

Ultimately, when you've written a e-book that solves a downside or presents a new technique, your guide will bring in both site visitors and profits. So make sure to write that promoting-deal with sentence that sums up what problem your book solves and what the advantages of your 1467 book will be to the shoppers who buy it.
