After you figure out your goal, you need to figure out what your viewers's need is to your ebook. For instance, does your e-book resolve a specific problem? If it does, and solves it in a way that hasn't been written about in one hundred different ebooks, you can be in a position to achieve excessive gross sales at a high price. If your ebook solves a problem or answers questions in a brand new and distinctive manner, you should price your book as excessive as you may go. If your book is aimed toward solving one specific downside rather than basic recommendation, then you can charge more. Start at the highest value the market will bear to herald the largest profits, and plan to discount the book a number of occasions throughout the year.

Do this by creating a sales page for the new e-book, but don't include a price on that page. As a substitute, add numerous hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

page, and contains your promoting-handle sentence. Then work out for every web page the conversion ratio between guests to your site and sales of your book. This may inform you what your optimum value is.

Ultimately, should you've written a guide that solves a drawback or presents a brand new method, your e-book will usher in both site visitors and profits.
