An efficient method for determining a worth is to send out a survey to your present customers. If these customers have already purchased an ebook from you, ask for his or her opinion when it comes to price. Do that by making a gross sales page for the brand new ebook, but don't include a value on that page. Instead, add a number of hyperlinks to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another strategy is to test out costs by making a number of duplicate gross sales pages with totally different costs on each page. Be sure that your sales copy is strictly the same on each web page, and consists of your selling-handle sentence. Then work out for every page the conversion ratio between visitors to your website and sales of your book. This may tell you what your optimum price is.

In the end, if you've written a book that solves a downside or presents a new method, your guide will bring in each site visitors and profits.
