An effective technique for determining a value is to ship out a survey to your current customers. If these customers have already bought an e-book from you, ask for their opinion by way of price. Do this by creating a sales page for the new guide, however do not embrace a value on that page. Instead, add plenty of links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another strategy is to test out costs by creating a variety of duplicate sales pages with completely different costs on every page. Be sure your gross sales copy is strictly the same on every page, and

consists of your promoting-deal with sentence. Then work out for each web page the conversion ratio between visitors to your website and sales of your book. This will tell you what your optimum value is.

Finally, for those who've written a e-book that solves a downside or presents a new method, your guide will herald both visitors and profits. So be sure you write that promoting-deal with sentence that sums up what downside your guide solves and what the benefits of your 2087 ebook will probably be to the customers who purchase it.
