An effective technique for figuring out a worth is to ship out a survey to your current customers. If these clients have already bought an e-book from you, ask for his or her opinion in terms of

price. Do this by making a gross sales page for the new ebook, but don't embody a value on that page. As a substitute, add a variety of hyperlinks to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another technique is to check out prices by making a variety of duplicate sales pages with completely different costs on each page. Make sure that your gross sales copy is exactly the same on each page, and contains your selling-deal with sentence. Then figure out for every web page the conversion ratio between visitors to your web site and sales of your book. It will inform you what your optimum value is.

Ultimately, in the event you've written a book that solves a downside or presents a brand new approach, your book will usher in both traffic and profits.
