Determine in case your purpose is to get broad distribution and most exposure. This aim is aimed toward drawing customers to your online business or service, or to establishing the credibility of your reputation. If that is your foremost aim, you need to goal to keep your value on the low side. Some authors have even priced their ebooks at a revenue loss to attract a excessive variety of new customers. The secret is to find a price that maximizes your income and the variety of books you sell.

This is a superb pricing technique if you are trying to purchase lengthy-term customers. Lengthy-term prospects are extraordinarily possible to purchase from you again and again ? as long as the primary e book they purchase is of distinctive quality and useful to the customer.

However, in case your book comprises beneficial ? and extra importantly NEW info, references, or techniques ? then you need to intention to price it on the excessive end.

After you figure out your objective, you will need to work out what your audience's need is on your ebook. For example, does your e-book remedy a selected drawback? If it does, and solves it in a approach that hasn't been written about in one hundred different ebooks, you may be in a position to

achieve excessive gross sales at a excessive price. If your e book solves a problem or answers questions in a brand new and unique method, you should value your book as excessive as you can go. Take into account that the above pricing strategy is temporary. Finally, you will cease to sell books at this high price. So figure out in advance how lengthy you plan to supply your e book at this excessive worth, and when that point is up, change your pricing strategy.

If you wish to see giant earnings over customer draw, goal for an audience that is looking for straightforward solutions to their issues at a low price. If your e-book is aimed toward fixing one specific drawback relatively than general advice, then you possibly can charge more. Start at the highest value the market will bear to usher in the largest earnings, and plan to low cost the ebook a variety of occasions throughout the year.

## Marketing Methods

The key that unlocks the gross sales potential of your e book is to discover a single sentence that turns into your selling handle. This sentence states what question or downside your e-book answers and the benefits your book can provide. Then you'll want to use that sentence in each piece of gross

sales and promotional material, and each time anybody asks you about your ebook.

Moreover promoting your books assiduously online, there are several different methods that can make it easier to sell more books.

One is to offer something away without cost together with your guide, similar to a valuable bonus item. Or bundle several ebooks beneath one price, which lowers the value for each e-book if they have been bought separately.

An efficient method for determining a price is to send out a survey to your present customers. If these prospects have already purchased an e-book from you, ask for their opinion by way of price. Do this by creating a gross sales page for the brand new guide, but don't include a worth on that page. As a substitute, add numerous hyperlinks to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another technique is to check out costs by making a number of duplicate gross sales pages with completely different prices on each page. Make certain your gross sales copy is precisely the same on every web page, and contains your selling-handle sentence. Then figure out for each page the conversion ratio between guests to your site and sales of your book. It will let you know what your optimum value is.

In the end, when you've written a ebook that solves a problem or presents a brand new technique, your book will usher in both visitors and profits. So make sure to write that selling-handle sentence that sums up what problem your e book solves and what the benefits of your 2129 e-book shall be to the shoppers who purchase it. After which watch your market come to you!
