After you determine your aim, you need to determine what your audience's want is in your ebook. For example, does your e-book remedy a specific drawback? If it does, and solves it in a means that hasn't been written about in 100 other ebooks, you'll be able to obtain high sales at a excessive price. includes your promoting-deal with sentence. Then determine for every web page the conversion ratio between guests to your site and gross sales of your book. It will let you know what your optimum price is.
