The key that unlocks the sales potential of your e book is to discover a single sentence that becomes your promoting handle. This sentence states what question or drawback your book answers and the advantages your book can provide. Then make sure to use that sentence in each piece of gross

sales and promotional materials, and every time anyone asks you about your ebook.

Besides selling your books assiduously online, there are a number of other methods that may show you how to promote more books.

One is to provide one thing away for free together with your ebook, corresponding to a useful bonus item. Or bundle a number of ebooks beneath one price, which lowers the value for each e book if they were bought separately.

An effective approach for figuring out a value is to ship out a survey to your current customers. If these prospects have already bought an e book from you, ask for their opinion when it comes to price. Do that by making a gross sales web page for the new ebook, but do not embrace a value on that page. Instead, add quite a few hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another technique is to check out costs by creating a number of duplicate gross sales pages with different costs on each page. Make sure that your gross sales copy is precisely the same on each page, and includes your selling-handle sentence. Then figure out for each web page the conversion ratio between visitors to your site and gross sales of your book. This will tell you what your optimum price is.

In the end, when you've written a e book that solves a downside or presents a new technique, your guide will herald both traffic and profits.
