An effective technique for determining a price is to ship out a survey to your present customers. If these prospects have already bought a book from you, ask for their opinion when it comes to price. Do this by making a sales web page for the new ebook, but do not include a price on that page. As an alternative, add quite a lot of hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other strategy is to check out prices by creating a number of duplicate sales pages with different costs on each page. Be sure your gross sales copy is strictly the similar on each web

page, and includes your selling-handle sentence. Then work out for every web page the conversion ratio between guests to your site and sales of your book. This can inform you what your optimum price is.

Finally, if you've written a e-book that solves a downside or presents a new method, your book will usher in each traffic and profits.
