An effective method for figuring out a value is to send out a survey to your present customers. If these customers have already purchased an ebook from you, ask for his or her opinion in terms of price. Do that by creating a sales web page for the new guide, but don't embrace a worth on that page. As a substitute, add a variety of hyperlinks to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another technique is to check out prices by making a variety of duplicate gross sales pages with completely different prices on every page. Ensure that your gross sales copy is exactly the identical on each web page, and consists of your promoting-handle sentence. Then determine for each web page the conversion ratio between visitors to your web site and sales of your book. This will let you know what your optimum value is.

Finally, when you've written a ebook that solves a drawback or presents a new technique, your book will herald both site visitors and profits. So remember to write that promoting-handle sentence that sums up what problem your ebook solves and what the benefits of your 256 e-book will probably be to the shoppers who buy it.
