An efficient approach for determining a value is to ship out a survey to your present customers. If these clients have already bought an book from you, ask for their opinion when it comes to price. Do that by creating a gross sales web page for the new book, but do not embody a value on that page. As a substitute, add a variety of hyperlinks to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

One other strategy is to test out costs by making a variety of duplicate gross sales pages with different costs on each page. Make sure your sales copy is exactly the identical on every web page, and includes your selling-deal with sentence. Then figure out for each page the conversion ratio between guests to your web site and sales of your book. This will inform you what your optimum worth is.

Finally, for those who've written a ebook that solves a downside or presents a brand new approach, your guide will bring in each traffic and profits.
