Advertising Methods

The key that unlocks the sales potential of your e-book is to discover a single sentence that turns into your selling handle. Then make sure you use that sentence in every piece of gross sales and promotional material, and every time anybody asks you about your ebook.

Apart from promoting your books assiduously online, there are a number of other strategies that can help you sell more books.

One is to offer something away without cost along with your book, such as a valuable bonus item. Or bundle several ebooks beneath one price, which lowers the price for each book if they were bought separately.

An effective technique for determining a price is to send out a survey to your present customers. If these clients have already bought an book from you, ask for his or her opinion when it comes to price. Do that by making a sales page for the brand new book, but do not embody a price on that page. Instead, add plenty of hyperlinks to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another strategy is to test out costs by creating a variety of duplicate sales pages with different prices on each page. Be sure that your gross sales copy is precisely the similar on each web page,

and includes your selling-handle sentence. Then determine for every web page the conversion ratio between guests to your site and sales of your book. This may inform you what your optimum value is.

Ultimately, for those who've written a e-book that solves a drawback or presents a brand new approach, your e book will herald both traffic and profits.
