Begin on the highest worth the market will bear to herald the largest profits, and plan to low cost the book a variety of instances all through the year.

Do that by creating a sales web page for the new book, but don't embrace a value on that page. Instead, add quite a few links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to check out prices by creating a number of duplicate sales pages with totally different costs on each page. Be sure your gross sales copy is strictly the similar on each page,

and consists of your promoting-handle sentence. Then determine for each web page the conversion ratio between visitors to your web site and sales of your book. This will inform you what your optimum price is.
