If these prospects have already purchased an ebook from you, ask for his or her opinion when it comes to price. Do this by creating a gross sales web page for the new ebook, but do not include a price on that page. Instead, add various links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other strategy is to check out prices by creating a number of duplicate gross sales pages with totally different prices on each page. Be certain your sales copy is precisely the similar on every

web page, and consists of your promoting-handle sentence. Then figure out for every page the conversion ratio between guests to your web site and gross sales of your book. This will tell you what your optimum price is.

Ultimately, if you happen to've written a book that solves a downside or presents a new method, your guide will bring in each site visitors and profits.
