There are all totally different formulation and methods for figuring out the right price in your ebook. Let's begin with honing in in your ultimate goals.

Determine if your aim is to get vast distribution and most exposure. After you determine your goal, it's essential to work out what your audience's want is for your ebook. For example, does your e-book clear up a particular problem? If it does, and solves it in a way that hasn't been written about in one hundred different ebooks, you will be in a position to

If you wish to see massive earnings over customer draw, goal for an audience that's on the lookout for straightforward solutions to their problems at a low price. In case your book is aimed at fixing one explicit downside rather than normal recommendation, then you may charge more. Start at the highest value the market will bear to usher in the largest earnings, and plan to discount the e-book a variety of occasions throughout the year.

## Advertising Strategies

The important thing that unlocks the gross sales potential of your e-book is to discover a single sentence that turns into your selling handle. This sentence states what query or downside your book solutions and the benefits your e book can provide. Then you'll want to use that sentence in each

Ensure your gross sales copy is strictly the same on every web page, and includes your selling-handle sentence.
