promotional material, and every time anybody asks you about your ebook.

Another technique is to test out prices by making a number of duplicate sales pages with different prices on each page. Make sure that your sales copy is strictly the similar on each page, and consists of your promoting-handle sentence. Then determine for each page the conversion ratio between visitors to your website and gross sales of your book. It will tell you what your optimum value is.

Finally, for those who've written a book that solves a drawback or presents a brand new approach, your e book will usher in both traffic and profits.
