Apart from promoting your books assiduously on-line, there are a number of other methods that can assist you to promote extra books.

One is to present one thing away without spending a dime along with your ebook, equivalent to a precious bonus item. Or bundle several ebooks below one worth, which lowers the worth for every book if they were offered separately.

An efficient technique for figuring out a value is to send out a survey to your current customers. If these customers have already purchased an e-book from you, ask for their opinion by way of price. Do this by creating a sales page for the new e book, however don't embrace a price on that page. As an alternative, add quite a few hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other strategy is to check out prices by creating a number of duplicate sales pages with different prices on every page. Make sure that your gross sales copy is strictly the same on each page, and contains your selling-deal with sentence. Then figure out for every page the conversion ratio between guests to your website and sales of your book. It will tell you what your optimum value is.

Ultimately, in case you've written a guide that solves a drawback or presents a brand new method, your ebook will herald each traffic and profits. So you'll want to write that selling-deal with sentence that sums up what problem your e-book solves and what the benefits of your 470 guide might be to the customers who buy it.
