Begin at the highest price the market will bear to bring in the largest earnings, and plan to discount the book a variety of times all through the year.

If these customers have already purchased an book from you, ask for their opinion when it comes to price. Do that by creating a sales web page for the new e book, but don't include a value on that page. As an alternative, add quite a few links to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

One other technique is to test out prices by making a number of duplicate sales pages with totally different costs on each page. Make certain your gross sales copy is strictly the same on every page, and includes your selling-deal with sentence. Then figure out for each page the conversion ratio between visitors to your website and gross sales of your book. It will tell you what your optimum value is.

In the end, should you've written a e-book that solves a drawback or presents a new method, your e-book will bring in each traffic and profits.
