In addition to promoting your books assiduously online, there are several different methods that can enable you promote extra books.

One is to offer one thing away without spending a dime together with your ebook, reminiscent of a priceless bonus item. Or bundle a number of ebooks below one worth, which lowers the worth for each book if they have been bought separately.

An effective technique for determining a value is to ship out a survey to your present customers. If these customers have already purchased an e book from you, ask for their opinion in terms of price. Do that by creating a gross sales web page for the brand new ebook, but do not include a price on that page. As an alternative, add quite a lot of links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

Another strategy is to test out costs by creating a variety of duplicate gross sales pages with completely different prices on each page. Make sure that your gross sales copy is strictly the

similar on every web page, and contains your promoting-handle sentence. Then work out for each web page the conversion ratio between visitors to your site and gross sales of your book. This will let you know what your optimum worth is.

Ultimately, should you've written a e book that solves a drawback or presents a new technique, your guide will herald both traffic and profits.
