An efficient method for determining a price is to ship out a survey to your present customers. If these clients have already purchased an e book from you, ask for his or her opinion by way of price. Do this by creating a sales page for the brand new ebook, however don't include a value on that page. Instead, add a number of hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another technique is to check out costs by creating a variety of duplicate sales pages with totally different costs on each page. Ensure your sales copy is strictly the similar on each page, and

contains your promoting-handle sentence. Then work out for each web page the conversion ratio between visitors to your website and sales of your book. This will inform you what your optimum price is.

In the end, if you've written a guide that solves a drawback or presents a brand new method, your book will usher in both traffic and profits.
