Besides selling your books assiduously online, there are several other strategies that can show you how to promote more books.

An effective technique for determining a price is to send out a survey to your present customers. If these prospects have already purchased an ebook from you, ask for his or her opinion in terms of price. Do this by making a sales page for the new book, however do not embody a price on that page. As a substitute, add a number of hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

Another strategy is to test out prices by creating a number of duplicate gross sales pages with

different costs on every page. Make sure your sales copy is precisely the same on each web page, and includes your promoting-handle sentence. Then determine for every page the conversion ratio between visitors to your website and sales of your book. This can let you know what your optimum price is.

Ultimately, in case you've written a e book that solves a drawback or presents a brand new method, your e book will bring in both site visitors and profits. So be sure to write that selling-handle sentence that sums up what problem your ebook solves and what the benefits of your 648 ebook can be to the purchasers who buy it.
