An effective approach for determining a price is to send out a survey to your current customers. If these prospects have already purchased an e book from you, ask for his or her opinion in terms of price. Do that by making a gross sales web page for the brand new guide, but do not include a price on that page. As an alternative, add a variety of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other technique is to check out costs by creating a variety of duplicate gross sales pages with totally different costs on each page. Be sure that your sales copy is exactly the same on each page, and includes your promoting-deal with sentence. Then work out for every page the conversion ratio between visitors to your website and gross sales of your book. It will inform you what your optimum value is.

Ultimately, for those who've written a ebook that solves a downside or presents a brand new approach, your e-book will usher in each traffic and profits.
