An effective technique for figuring out a value is to ship out a survey to your current customers. If these customers have already purchased an book from you, ask for his or her opinion when it comes

to price. Do this by making a gross sales web page for the new e book, but do not embrace a price on that page. Instead, add quite a few links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another technique is to test out costs by creating a variety of duplicate gross sales pages with different prices on each page. Be certain that your gross sales copy is exactly the similar on every page, and contains your promoting-handle sentence. Then work out for each page the conversion ratio between guests to your website and gross sales of your book. This can let you know what your optimum price is.

Ultimately, if you happen to've written a ebook that solves a downside or presents a brand new technique, your e book will bring in each traffic and profits. So be sure you write that promoting-deal with sentence that sums up what downside your guide solves and what the advantages of your 699 ebook will probably be to the customers who buy it.
