The important thing that unlocks the sales potential of your e-book is to find a single sentence that turns into your promoting handle. This sentence states what question or drawback your book solutions and the advantages your book can provide. Then make sure you use that sentence in each

piece of gross sales and promotional materials, and each time anyone asks you about your ebook.

In addition to promoting your books assiduously online, there are several different methods that may show you how to promote more books.

One is to offer one thing away without spending a dime with your guide, equivalent to a valuable bonus item. Or bundle several ebooks underneath one price, which lowers the value for every e-book if they were sold separately.

An effective method for determining a value is to send out a survey to your present customers. If these clients have already bought an book from you, ask for his or her opinion when it comes to price. Do that by making a gross sales page for the new e book, however don't embrace a worth on that page. As an alternative, add plenty of hyperlinks to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another technique is to test out prices by creating a number of duplicate sales pages with different prices on every page. Make sure your gross sales copy is exactly the same on every page, and includes your promoting-deal with sentence. Then work out for every page the conversion ratio between guests to your website and gross sales of your book. This can inform you what your optimum price is.

Ultimately, if you happen to've written a ebook that solves a problem or presents a new technique, your guide will herald each traffic and profits.
