If you wish to see massive earnings over customer draw, purpose for an audience that's looking for simple solutions to their issues at a low price. In case your e-book is geared toward solving one specific downside reasonably than general recommendation, then you can charge more. Start at the highest value the market will bear to bring in the largest earnings, and plan to discount the e book a number of instances throughout the year.

Another strategy is to check out prices by making a variety of duplicate sales pages with completely different costs on each page. Be certain that your sales copy is strictly the similar on each web

page, and contains your promoting-handle sentence. Then determine for each web page the conversion ratio between guests to your website and sales of your book. This may inform you what your optimum price is.
