Do that by creating a gross sales page for the new e-book, however don't include a value on that page. Instead, add quite a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other technique is to test out costs by making a number of duplicate gross sales pages with different costs on every page. Make sure your sales copy is exactly the same on every web page, and

includes your promoting-deal with sentence. Then figure out for each web page the conversion ratio between visitors to your web site and gross sales of your book. It will let you know what your optimum value is.

Finally, in case you've written a guide that solves a problem or presents a brand new approach, your ebook will bring in both site visitors and profits.
