An effective approach for determining a worth is to ship out a survey to your current customers. If these clients have already purchased an e book from you, ask for his or her opinion in terms of price. Do this by making a sales web page for the brand new e book, but don't embody a worth on that page. As an alternative, add quite a lot of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another strategy is to test out prices by making a variety of duplicate sales pages with different costs on each page. Make sure your gross sales copy is precisely the same on each web page, and contains your selling-handle sentence. Then work out for every page the conversion ratio between visitors to your web site and gross sales of your book. It will tell you what your optimum worth is.

Finally, should you've written a e book that solves a problem or presents a new technique, your guide will usher in both visitors and profits. So be sure to write that selling-deal with sentence that sums up what downside your e book solves and what the advantages of your 807 guide can be to the shoppers who buy it.
