Begin at the highest value the market will bear to usher in the largest earnings, and plan to discount the ebook a variety of occasions all through the year.

An efficient technique for determining a price is to send out a survey to your current customers. If these clients have already bought an e-book from you, ask for their opinion when it comes to price. Do this by creating a sales page for the new e book, however don't embody a price on that page. Instead, add a number of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another strategy is to test out prices by creating a variety of duplicate gross sales pages with completely different costs on every page. Ensure your sales copy is strictly the same on each page,

and contains your selling-deal with sentence. Then work out for every web page the conversion ratio between guests to your website and gross sales of your book. This will inform you what your optimum value is.

Ultimately, in the event you've written a ebook that solves a problem or presents a new technique, your ebook will bring in both visitors and profits.
