An effective technique for figuring out a value is to ship out a survey to your current customers. If these clients have already purchased an e book from you, ask for their opinion in terms of price. Do this by creating a sales web page for the new guide, but do not include a price on that page. As a substitute, add quite a few hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other technique is to test out prices by making a variety of duplicate sales pages with completely different prices on each page. Be sure your sales copy is exactly the same on every web page, and contains your promoting-handle sentence. Then work out for every page the conversion ratio between visitors to your site and sales of your book. It will let you know what your optimum worth is.

Ultimately, in the event you've written a ebook that solves a drawback or presents a brand new method, your book will herald each site visitors and profits.
