An effective method for figuring out a value is to ship out a survey to your present customers. If these clients have already purchased an e book from you, ask for their opinion in terms of price. Do that by creating a gross sales web page for the brand new book, but don't embody a value on that page. Instead, add a number of hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

Another strategy is to check out costs by creating a number of duplicate sales pages with completely different costs on every page. Be sure your sales copy is strictly the same on every web page, and

contains your selling-deal with sentence. Then work out for each page the conversion ratio between guests to your site and sales of your book. It will inform you what your optimum price is.

In the end, in case you've written a ebook that solves a drawback or presents a new approach, your book will bring in both visitors and profits.
